

Europe as a Learning Environment in Schools

Elos is a school project and a European network

**Supported by the European Commission, as well
as national institutions and authorities**

WHY?

- **To organise an International Learning Route in your school**
- **To improve sustainability within schools and between schools**
- **To create more coherence between lessons in the classroom and activities abroad**
- **To organise a network of networks**
(existing initiatives, combined power)
- **To develop European standards**
(broad recognition and support)
- **To prepare young people for their roles as European Citizens**

CONTENT

European and International Orientation (EIO)
based on the

- Common European Framework for Languages
and the
- Common Framework for Europe
Competences:

created to be able to compare students' results
across 16 different educational systems

How to make a start?

- Make a start with the development of a school project for Europe Day (9th of MAY).
- Consider:
 - The Common European Framework for Languages,
 - The Common Framework for Europe Competences,
 - Whether you could find partner schools abroad?
 - How students can record their results in their portfolios?,
 - How to evaluate the results in order to improve the project for next year?
 - How the project can be integrated the year programme and the school curriculum?
 - Officially: contact your national Elos co-ordinator and sign the letter of intent
